WAI Australian Chapter 2022 Scholarships

PanAir Flight Training Scholarship

This award is designed to financially assist a current WAI Australian Chapter member with fixed wing flight training costs associated with gaining any level of flying proficiency from RPL/PPL through to the CPL by providing \$2500 dollar for dollar flying training. The flight training will be conducted by PanAir Flight Training in Bathurst, NSW.

Southpac Course Scholarship

This scholarship award is designed to financially assist a member who wants to launch or advance their career in Aviation Quality, Safety or Management. Southpac courses can be used as a basis to start a new role or enhance an existing one. Southpac are offering a \$3000 credit that you can put towards your training. Take one of the 5-day courses or mix and match to suit your needs. Southpac also offer Diplomas, so this can be the start of something bigger. For more information on courses and training on offer go to www.southpac.biz

Tristar Aviation Trial Introductory Flight and Book Scholarship

These scholarships are proudly provided by Tristar Aviation and offer successful applications both a trial introductory flight at Moorabbin Airport and a hard copy of *The Left Seat: Avoid the Turbulence on Your Journey to Becoming a Licensed Pilot*. There are five scholarships available.

WAI Australian Chapter Open Scholarship

This scholarship is designed to financially assist any commendable aviation/aerospace endeavor. This could include an aircraft maintenance engineer (AME) working towards becoming a licensed aircraft maintenance engineer (LAME), an aeronautical student looking for assistance with university fees, a pilot wanting to take the next step to become a flight instructor, or someone working towards an aviation management or aviation safety qualification and, of course, every aviation career in between. The scholarship funds can be used to support your career in any way - maybe its textbook, equipment, or attendance at industry networking events - you tell us how the scholarship can help advance your career! This scholarship is open to members 18 years and older on the closing date.

WAI Australian Chapter Non-Flight Training Scholarship

This scholarship will financially assist with the cost of any commendable aviation/aerospace-related activities (excluding flight training). This could include an aircraft maintenance engineer (AME) working towards becoming a licensed aircraft maintenance engineer (LAME), an aeronautical student looking for assistance with university fees, or someone working towards an aviation management or aviation safety qualification and, of course, every aviation career in between. The scholarship funds can be used to support your career in any way - maybe its textbook, equipment, or attendance at industry networking events - you tell us how the scholarship can help advance your career! This scholarship is open to members 18 years and older on the closing date.

WAI Australian Chapter Regional Scholarship

This scholarship is designed to assist a member located in a regional location (see definition in terms below) to achieve any commendable aviation/aerospace endeavour by providing financial support in advancing their career. This could include an aircraft maintenance engineer (AME) working towards becoming a licensed aircraft maintenance engineer (LAME), an aeronautical student looking for assistance with university fees, a pilot wanting to take the next step to become a flight instructor, or someone working towards an aviation management or aviation safety qualification and, of course, every aviation career in between. The scholarship funds can be used to support your career in any way - maybe its textbook, equipment, or attendance at industry networking events - you tell us how the scholarship can help advance your career! This scholarship is open to members 18 years and older on the closing date.

WAI Australian Chapter Ambassador Scholarship

This scholarship is proudly funded by the generosity of our Ambassador members, who elect to pay a higher membership fee. A proportion of the higher membership fee is used to support our scholarship program and free educational events for girls aged between 8-16 years of age.

This scholarship is designed to assist a member to achieve any commendable aviation/aerospace endeavour by providing financial support in advancing their career. This could include an aircraft maintenance engineer (AME) working towards becoming a licensed aircraft maintenance engineer (LAME), an aeronautical student looking for assistance with university fees, a pilot wanting to take the next step to become a flight instructor, or someone working towards an aviation management or aviation safety qualification and, of course, every aviation career in between. The scholarship funds can be used to support your career in any way - maybe its textbook, equipment, or attendance at industry networking events - you tell us how the scholarship can help advance your career! This scholarship is open to members 18 years and older on the closing date.

WAI Australian Chapter 2022 Scholarships Q&A

Our 2022 Scholarship Program is now in full swing. We now have approximately \$20,000 worth of scholarships to award to our members. Here is what you need to know.

So, who can apply?

Any WAI Australian Chapter current Financial Members (this includes any new financial member between now and the application closing date) who meets the eligibility and/or suitability of the application requirements. Each scholarship may have slightly different criteria so, you will have to check each application form. Applicants must also be Australian citizens or permanent residents. Applicants can apply for a **maximum of two separate scholarships**. Previous winners are not eligible to apply for any scholarship they have been awarded in the last three years.

Are the scholarships just for aspiring pilots?

No, some scholarships are specifically for someone either pursuing or looking to advance their career as a pilot, whereas several scholarships are open to applicants who are looking to advance their aviation safety or management career/skillset.

Two of the Australian Chapter scholarships are an open application to financially assist with the cost of aviation-related training towards any commendable aviation endeavor. This could include an aircraft maintenance engineer (AME) working towards becoming a licensed aircraft maintenance engineer (LAME), an aeronautical student looking for assistance with university fees, a pilot wanting to take the next step to become a flight instructor, or someone working towards an aviation management or aviation safety qualification and, of course, every aviation career in between. The scholarship funds can be used to support your career in any way - maybe its textbook, equipment, or attendance at industry networking events - you tell us how the scholarship can help advance your career!

When do applications close?

All applications close EOD Sunday 16 October 2022.

Should you fear the application form?

Absolutely not! Applying for a scholarship may seem like a daunting process but, we promise we have made it as enjoyable as we can - for the most part, we just want to know about you and your goals.

If you have any concerns you can reach out to our Scholarships Coordinator at scholarships@waiaustralia.org

Need a bit more convincing to apply?

You can read about the stories from some of our past scholarship recipients to see how scholarships have helped them reach their goals <https://waiaustralia.org/scholarships/2019-recipient-stories/>
